

## The Spirit of Business™ - Introduction

A production of LifeShapes, Inc.™

We all belong to networking groups as business owners....but, wouldn't it be nice if you had a committed group of people helping you stay true to your inner passions in life? Wouldn't it be even better if the same group of people were just as committed to the growth, stability and operations of your business? This is why **The Spirit of Business™** was born....to bridge the gap between just getting referrals and actually getting advice and council on the operations of your business along with nurturing and cultivating your passions. These **Passionmind™** groups are designed to complement your networking groups and to give your business and life measurable results.

Do you crave the opportunity to receive feedback and insight from other successful entrepreneurs in a confidential, safe setting? Do you long to really understand your passion and how it relates to your business? Are you a successful business owner or corporate employee that would like to mentor others and gain fresh new insights regarding your passion and insights to strengthen the business you are in?

If you answered YES to any of these questions, then **The Spirit of Business™ - Passionmind™** group is for you! Now you have the opportunity to have a committed group to help you grow your business from the unique passions and gifts you bring to the world.
